The Mission

Suzanne is a foreign sleeper agent. She has been plotting to attack a VIP of the United States. We have been following her actions, but we are not yet sure who her target is, when she plans to attack, and when it will all go down.

Your mission is to uncover these three pieces of intel: who, when, and where.

We have created a diversion that should keep Suzanne from the room for approximately 30 minutes. Use this time to go through her things and gather this much needed information.

We are counting on you.

A recently sent email.

Dear Candice,

Thank you for the lovely birthday
oranges. They were so good, I
literally devoured them.

Let's get together this summer,
say about June 14? Let's get
dinner.

If you see our dear friend Jeanne,
send her my well wishes.

Sincerely,
Suzanne
